ONLY COMPLETE THIS FORM FOR PATIENTS WITH HYPERLIPIDAEMIA

D. TO BE COMPLETED BY THE ATTENDING DOCTOR (PLEASE PRINT USING BLOCK LETTERS)

MOTIVATION FOR A LIPID MODIFYING AGENT FOR THE TREATMENT OF HYPERLIPIDAEMIA

In line with the requirements of the Risk Equalisation Fund (REF), the application can only be assessed on receipt of the completed form and copies of the relevant lipograms.

The reimbursement of lipid modifying therapy for primary prevention is reserved for patients with a greater that 20% risk of an acute clinical coronary event in the next 10 years. This funding decision is in accordance with local and international guidelines for the management of hyperlipidaemia.

Registered starting doses of lipid modifying drugs and incremental dosage increases will be considered. Higher dosages will be considered on motivation. Kindly consider a less costly alternative, e.g. generic simvastatin.

MEDICATION CONSIGNMENT DETAILS

MPL is a reference pricing system that uses a benchmark (reference) price for generically similar products. The fundamental principle of any reference pricing system is that it does not restrict a member's choice of medicines, but instead limits the amount that will be paid.

MPL reference prices are set in such a way as to ensure availability of medicines without co-payments being necessary. In other words, you will be able to afford the medicine you need without paying from your own pocket, but you may have to select a generic over a brand name product. However, should you prefer the more expensive product GEMS will only pay up to the MPL reference price. You will then have to pay the difference (co-payment) to Medipost.

Generic Equivalent Substitution (tick one option only):

- ☐ Yes, I agree that all items be substituted for generic equivalents, where possible
- ☐ No, I do not want to take generic equivalents for all items
- ☐ Yes and No, I want generic equivalents for all items besides:
